DATE DUE:

1 day before appointment

Please Provide: ☐ Boxes ☐ Labels

☐ Rx:_____ Qty:_____
(specify appliance type)

Design Your Own OR *Choose a New! eXceed Kit*

☐ **eXceed Rx-** brackets are placed on the pretreatment models using a standard placement method. Bracket placement can be modified using the eXceed software and approved by the doctor.

☐ **eXceed Tx-** brackets custom positioned using a simulated final setup and virtual arch wire. The setup is based upon clinical instructions from the customer. Bracket positions are selected to optimize this treatment and can be modified by the customer using the eXceed software. Patient photos and Xrays are required.
